

BIOGRAPHY

The band Holbeck is a unique trio that balances between the subtlety of *Morphine* and the eclectic madness of *Primus*. But with their cracking sax-solos, hypnotic bass lines and pumping drums, Holbeck mainly sounds like themselves.

After meeting each other in their earlier band *De Hardheid*, Menno Vermeulen (vocals / sax / synth), Pim Koppen (vocals / bass) and Niels Docter (drums) founded Holbeck in early 2017. The trio starts experimenting and releases their first music video and single "*Bow and Obey*" at the end of 2017. A year later the music video for their single "*Fire*" follows.

After the first two singles which alternately show the psychedelic and explosive side of Holbeck, it's time for a first real EP. Holbeck launches "*Medusa*" on 5 October 2019. The EP contains title track "*Medusa*", an intense auditory acid trip and the energetic and punk-tending song "*Perfect Girl*". All in all a good impression of what you can expect on stage.

At live shows the tight rhythm section provides a good foundation for the misanthropic lyrics and violent saxophone parts of frontman Menno. Despite the minimal line-up, Holbeck presents overwhelming shows that are both psychedelic and danceable. Make sure you see this band live!
